

Department of Environmental Science

University of Kashmir

in collaboration with

The Indian Society for Parasitology

is Organizing

Three Day International Webinar

on

Water, Health & Parasites

from

22-24 March, 2021

on the occasion of observance of
World Water Day-2021

Dr. Samendra Sherchan
Assistant Professor,
Department of Global Environmental
Health Science, Tulane University,
New Orleans Louisiana, USA

Dr. Sara Nowreen
Assistant Professor, Institute of Water
and Flood Management (IWFM),
Bangladesh University of Engineering
& Technology (BUET), Bangladesh

Dr. Binaya Raj Shivakoti
Senior Water and Adaptation Specialist
Institute for Global Environmental
Strategies (IGES), Kamiyamaguchi,
Hayama, Kanagawa, Japan

Dr. Amit Kumar
Associate Professor,
Nanjing University of
Information, Science and
Technology, Nanjing, China

Prof. Marco Cantonati
Head
Limnology and Phycology Section,
Museo delle Scienze MUSE,
Trento, Italy

Prof. Moinuddin Munawar
Fisheries and Oceans,
Burlington, Canada,
President AEHMS,
Chief Editor AEHM
Canada

Prof. Zhang Fan
Professor,
Institute of Tibetan
Plateau Research,
Chinese Academy of Sciences
Beijing, China

Prof. B. Maheshwari
Professor, Water Environment &
Sustainability, Western Sydney University
Hawkesbury Campus,
Penrith, Australia

Dr. Larry Stevens
Director,
Spring Stewardship Institute
Arizona, USA

Prof. C. J. Hiware
Head, Department of Zoology,
Dr. B. A. Marathwada
University, Aurangabad, India

Prof. S. K. Malhotra
Head, Department of Zoology/
Environmental Science
University of Allahabad, India
Vice President ISP

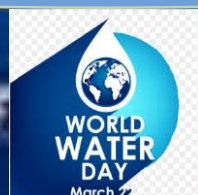

Prof. Ummey Shameem
Head, Department of Zoology
Andhra University,
Visakhapatnam, India
Vice President ISP

Prof. Kuldeep K. Sharma
Department of Zoology
Jammu University,
J&K, India

Platform: Zoom

Time: 10.00am

About the Webinar

World Water Day became a UN observance day in 1993. It seeks to focus attention on the global water crisis. On 22nd March every year, people and organizations mark World Water Day by taking action to tackle the water crisis. The idea for this international day goes back to 1992, the year in which the United Nations Conference on Environment and Development in Rio de Janeiro took place. That same year, the United Nations General Assembly adopted a resolution by which 22nd March of each year will be declared World Day for Water, starting from the year 1993. Later on, other celebrations and events were added like, the International Year of Cooperation in the Water Sphere 2013, and the current International Decade for Action on Water for Sustainable Development, 2018-2028. These observances serve to reaffirm that water and sanitation measures are key to poverty reduction, economic growth, and environmental sustainability. World Water Day 2021 will focus on the theme, (Valuing Water). This focus will extend beyond issues of pricing to include the environmental, social, and cultural value people place on water.

Advisory Committee

Prof. A. R. Yousuf
Prof. Neelam Gupta
Prof. M. Z. Chisti
Prof. A. K. Pandit
Prof. A. N. Kamili
Prof. Kamal Jaiswal
Prof. B. A. Ganai
Prof. G. A. Bhat

Three Day International Webinar

On

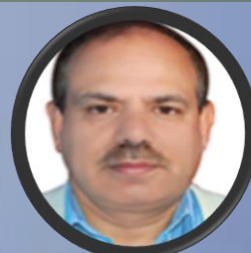

Water, Health & Parasites

Prof. Talat Ahmad
Hon'ble Vice Chancellor
University of Kashmir

Prof. Sukhbir Kaur
President
Indian Society for Parasitology

Prof. S. A. Romshoo
Dean Research
University of Kashmir

Prof. J. K. Saxena
Secretary
ISP

Prof. Shamim Ahmad Shah
Dean School of Earth &
Environmental Sciences, UoK

Prof. Fayaz Ahmad
Director Webinar
Head, Department of
Environmental Science, UoK

Dr. Sami Ullah Bhat
Coordinator
Sr. Assistant Professor,
Deptt. of Env. Sc. UoK

Dr. Arshid Jehangir
Organizing Secretary
Sr. Assistant Professor
Deptt. of Env. Sc. UoK

Dr. Mohd. Muslim
Organizing Secretary
Assistant Professor
Deptt. of Env. Sc. UoK

Registration

Participants can register online from 10 to 21 March using Google forms:

Link: <https://forms.gle/Bm7JaLgVSUNmMaCR8>

Registration will be first come first serve basis as limited participants can be accommodated.

The registration link will close on 21 March 2021 at 5.00 PM

In case of any query, please contact via waterdayesku@gmail.com or

Dr. Mohammad Irshad (+91-7780865310); Dr. Shamsul Haq (+91-7006681830)

Department of Environmental Science

This Department was established in 2000 with a vision to produce quality environmental professionals who can rise to the occasion for addressing various environmental challenges. The department offers M.Sc, M.Phil and Ph.D programs in Environmental Science. Being one of the primary departments involved in quality interdisciplinary teaching, research, outreach and consultancy, it has earned recognition both at national and international level. Since its inception the department has proved to be as the Centre for environmental education and research enhancing knowledge and understanding dynamics in science of environment by identifying, planning and conducting research programs on problems of regional, national and international importance. Faculty of department is actively involved in conducting research in the fields of Environmental pollution, Aquatic ecology, Terrestrial ecology, Remote sensing and GIS etc. and have earned the grants from premier funding agencies. The research area and consultancy work is more directed towards the various pressing environmental issues in the State including the Water, Air and Soil Pollution, Degradation of Aquatic Environs, Biodiversity Conservation, Forest Ecology, and Environmental Impact Assessment of various developmental projects.

The Indian Society for Parasitology

The Indian society for parasitology was established in 1973 under the societies Act XXI, 1860. The Indian society for parasitology (ISP) has the major objective of bringing parasitologists of different disciplines under one umbrella to advanced knowledge in this vital area of human and animal health through regular conferencing/CEMs and thematic workshops.

Organizing Committee
